

There's no other group like ours.

You are one-in-a-million, a one-of-a-kind group of girls.

Think about the things that make your group unique and write them down here. then complete the page with a drawing of your group – OR draw symbols to represent all of the girls, showing what makes each one special. (Example: A smiley face could represent someone in your group who is cheerful, a star could represent someone who is very talented...)
